C60421	5	tee system,	18 x 15 x 18
C60422	5	tee system,	16 x 16 x 16

These tees and connectors are designed especially for use in cooling systems and other hydraulic and pneumatic systems. They can be used everywhere, where high material resistance to chemicals and temperatures up to 120°C are needed. With the addition of glass fiber have better tensile strength, higher rigidity and dimensional stability.

## Threaded bushes

catalogue number	quantity in package	item	internal thread	external thread	height
<p>Threaded bushes are used to repair of damaged threads. Our solutions can be assembled in elements of aluminium, steel, brass and casting materials. Their design prevents unscrewing, so they do not require additional gluing. At the same time, they withstand frequent tightening and undoing of screws. They can be in contact with water, oil and other liquids as well as gases. Material: zinc plated steel</p>

# Containers

drawers dimensions  
7,5 cm x 4 cm x 9,3 cm

catalogue number P10

Module consisting of 10 capacious and resistant to mechanical damages drawers. It can be combined with other module to get height as you wish or hanged on the wall.

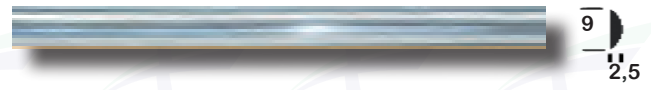

### LABELS with EAN CODES

Based on the requirements and suggestions coming from the market, we have created another easement to help sell our clips and other fasteners. These are labels, in „jpg” format, dimensions 7 cm x 3,5 cm, which you can download, print out and stick to the drawers, boxes, storage compartments for clips. With this solution there is no need to open every drawer and container searching for proper clip or fastener. Additionally, on the label you can find bar code and a place to enter the price of fixing, or other important parameter. Labels can be downloaded from our website [www.romix.pl](http://www.romix.pl), section „Download”.

## Mouldings and foils

216C roll of 50 meters  
U216C.PZ package 5 meters  
chrome moulding

217C roll of 50 meters  
U217C.PZ package 5 meters  
chrome moulding

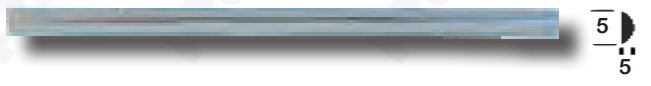

221C roll of 50 meters  
U221C.PZ package 5 meters  
chrome moulding

241N roll of 25 meters  
U241N.PZ package 4 meters  
moulding for the edge

241C roll of 25 meters  
U241C.PZ package 4 meters  
chrome moulding for the edge

329C roll of 50 meters  
U329C.PZ package 5 meters  
chrome moulding

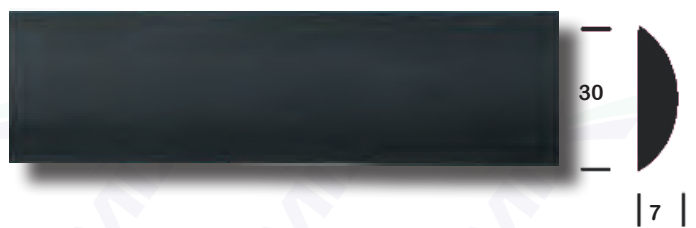

332C roll of 25 meters  
U332C.PZ package 4 meters  
universal moulding

332W roll of 25 meters  
U332W.PZ package 4 meters  
universal moulding

826 roll of 25 meters  
U826.PZ package 4 meters  
universal moulding

894 roll of 25 meters  
U894.PZ package 4 meters  
universal moulding

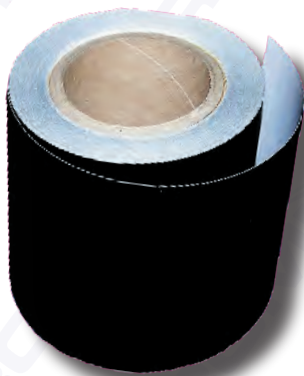

## Mouldings and foils

19655.11x10  
width 11 cm  
length 10 meters

19655.16x10  
width 16,5 cm  
length 10 meters

The transparent protective foil, widely used in many brands of cars as protection of external sills, bottom parts of the body and many other locations in wagon stations, delivery models, pickups.

Black heat-shrinkable film (factory-applied on pillars, as a protection of doorsill and other elements).

19622.11x25 width 11 cm, roll of 25 meters

Professional double-sided adhesive tape 3M.

905.760-6 width 6 mm, package 5 meters

905.760-9 width 9 mm, package 5 meters

905.760-12 width 12 mm, package 5 meters

19622.16x25 width 16,5 cm, roll of 25 meters

# ROMIX

COMPANY SP. Z O. O.

## MOTORCYCLE CLIPS

Almost 200 fasteners in regular offer.

## search machine of clips

Search machine of clips includes the most popular car brands and locations, such as

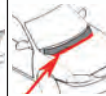

- wheel guards,
- fender mouldings and elements associated with fenders,
- interior pillars A,B,C and bottom pillars overriders,
- interior sill mouldings (overriders),
- exterior sill mouldings,
- body side mouldings,
- window regulator clips,
- door trim panel with marked in red codes of door seals clips,
- boot upholstery, carpeting in trunk and tailgate trim,
- headliner,
- covers and equipment in under bonnet area,
- hood insulating with marked in red codes of hood clips and with marked in blue codes of bonnet prop rod clips,
- windscreen cowl section, with marked in red codes of clips for windscreen cowl section seals,
- covers under engine,
- bumpers - overriders and other elements with marked in red codes of bumper holders (available in our offer),
- dashboard and finishing under dashboard.

Selection of applications is based on the OEM numbers.

Empty space means that this specific model uses the solution other than clips (ex. body side mouldings can be glued) or we couldnt find any correct references. If you know other application of clip - you can put it in empty space.
